

Merivaara ADA Bedside Cabinet

The modular, durable and safe bedside cabinet Ada has been designed for heavy use in any hospital. With a wide range of accessories, the Ada cabinet can be modified to meet your needs.

The reading and dinner table is easy to adjust and can be quickly changed from side to side without any tools. It features a stepless height adjustment. Twin castors make the cabinet easy to move. Castor locks anchor the cabinet firmly in place. Lockable upper drawer helps to keep valuables safe.

The frame is epoxy-coated steel, top and side panels as well as the dinner table is melamine. There's two drawers, of which the upper one is lockable. Top and side panels are grey and drawers white. The angle of the reading and dinner table is adjustable.

There's also a model without the reading and dinner table available.
